President: John M. Dusay, M.D.
Editor: Janet Doughty

SPECIAL ANNOUNCEMENT -- JANUARY TA JOURNAL:

Next January a special "SOCIAL ACTION" issue of the TA Journal will be published. The purpose of this special issue is to share our expertise in TA for the purpose of social and political change. Questions such as these will be addressed: 1) How does TA address itself to war, violence, crime, punishment, capitalism, imperialism, racism? 2) What are ways that TA can bridge the gap between personal and social change? 3) Behavior Control 4) The use of TA in industrial psychology which serves to produce good feelings, acceptable behaviour, increases worker productivity, but which does not address itself to the overall social, institutional and ethical issues, and 5) What are the ethical implications of using TA in prisons, schools, banks, etc? There are, of course, many other issues and the world is waiting to hear from you.

We need your ideas and we need to receive articles by June. Be sure to label your articles, to say they're for the Social Action issue of the Journal. Send them to ITAA, 3155 College Ave., Berkeley, Ca 94705. Write On! - C. Haimowitz, Social Action Committee

PEOPLE:

Theodore Novy has been teaching TA introductory courses in French in Geneva, Switzerland and shares some of the fun he has had translating TA terms into French. For example, Natural Child does not translate into "Enfant Naturel" which means "bastard". The best word for stroke seems to be "caresse" and a negative stroke is "un caresse à rebrousse poil" or "rubbing the wrong way". (See News of Affiliates for further information.)

Also in Europe -- Tom Frazier (TM) and Delphine Frazier (CM) did some 1 - 3 day TA workshops in Copenhagen, London, in a prison near London and Amsterdam. Tom also did a workshop in Kassel as well as in Berlin -- completely in German (Ich bin o.k., Du bist o.k!) and with a little Gestalt thrown in the Germans really went to work on their transactions. Tom is planning to do a week long workshop in Berlin this February with Dr. Gisela Kottwitz (CM). Tom points out that the book "Games People Play" has come out in German under the title Spiele Der Erwachsenen, which means Games of Adults in English -- and we all know Adults don't play game, don't we...Tom is also sponsoring an affiliate in German with Dr. Kottwitz.

Al Viguerie and Janie Stennet were the leaders of a TA workshop at the Annual Louisiana Conference of Juvenile Correctional Workers in Baton Rouge on November 7 - 9, 1973. Al and Janie introduced TA and demonstrated basic principles through the use of exercises. Al also had an article entitled "Transactional Analysis Implications for Corrections" published in "The Correctional Worker", a State journal.

Abe Wagner, President of the Denver Area TA Seminar, has a contract with Weight Watchers to train their teachers and is doing a booming business. He adds that TA is really growing in the Colorado Springs area.

Dr. Kenneth Everts (TM) will be chairman for the workshop "Introduction to Transactional Analysis in Groups" which is scheduled for the American Group Psychotherapy Association annual convention on February 18, 1974 in New York City. The material includes "a quick review of theory and therapy with recent advances; a rigorous discussion and debate period; a sharing of work experiences and new ideas and a demonstration-experiential group."

Al Freed (SM), Sacramento, has announced his publishing company, JALMAR Press to handle the successes of his TA for Kids and the new TA for Tots. JALMAR Press will soon introduce a school package of slides, filmstrips, records, cassettes and a teaching manual.

Claude Steiner has just finished a new book, Scripts People Play, which has chapters on banal scripts, men and women's scripts, power plays, cooperation, and the stroke economy. Scheduled to be released in July, 1974.

Helen Colton (AM), author of Sex After the Sexual Revolution, has taped a half-hour television program by the American Humanist Association to be shown nationwide on educational networks.

We are pleased to add Stanley J. Milstone's, M.D., name to the list of New Advanced Members, from which he was omitted August and October. His PTM became effective September 23, 1973.
