| :--- |
| clear and |
| significant |$\quad$| Ethical position |
| :--- |
| recognizable and |
| acceptable |

Awareness of some aspects

Some recognition of significance of aspects

Competence somewhat evident in reported behavior

Takes some aspects of meta-perspective and complexity into account

Scant organization of material and/or deficient coherence of material

Ethical position somewhat recognizable and acceptable

Aware of very few aspects

Little recognition of significance of aspects

Competence barely evident in reported behavior

Hardly any awareness of meta-perspective and complexity

Organization and coherence of material missing

Ethical position inadequate or questionable

Lack of awareness of aspects

Does not recognize
significance of aspects in most of the important areas

Competence not evident in reported behavior

Does not take any aspects of meta-perspective and complexity into account at all

No organization and no coherence of material throughout

Ethical position missing or unacceptable
